From

The Registrar, University of Mysore
No. 2289, Dy 8.5.34

Requests that the question of exempting the residential quarters constructed at Bangalore for the Principal of College & Professors from such assessments being paid in the shape of rates by the two City Municipalities may be favorably considered & suitable residential quarters exempted from taxation.

I have referred as invited to note 1 & note 6 to Art. 28 of the Municipal Council Manual which says The question of exempting Government buildings from payment of taxes was raised on a previous occasion (Note 6)

2 Such exemptions are governed by the rules framed by the City Municipal Council & approved by the Govt, as provided for under section 49 (b) of the City Municipalities Regn 1933 It is a matter left to these local bodies for consideration

3 In order of this may be referred to the Executive Officers of the City Municipalities

File No 5 2 34 of 193 3-34 General and Revenue Secretariat

The University Council has proposed that the residential quarters of the University may be exempted from Municipal Taxation. It is stated in the Registrar's letter that the University is at present paying Rs 952 & 3 to the Municipality on residential buildings at Mysore & Bangalore & that under note 1 to rule 28 of the Fee Accts Manual such quarters are not liable to taxation.

The notes in the file 261-32 (58,184 & 506) and the Office letter no A 3528 & 20 11 33 show that under the law in force now, Govt buildings are not exempt from payment of Municipal taxes if they are used for residential purposes and that the circular of 31 3 34 supersedes all previous orders on the subject. The circular was in accordance with the amendment of Sec 59 of the Mun' Regn of 1906 by the addition of proviso (2)(1), which is continued in the present City Metro Regn. Sec 61(1)

The proposal of the University is not therefore advisable. The Registrar will, if approved, be informed accordingly.

Office of the Mysore University

Mysore Dated 8th May 193 4

From

V GOPALASWAMI AIENGAR Esq MA
Registrar, Mysore University
Mysore

To

S Abdul Wajid, Esq , B A ,
General Secretary to the Government of
His Highness the Maharaja of Mysore,
Bangalore

Sir

I am directed to forward herewith a copy of the report of a committee appointed by the University Council at the instance of the Senate together with a copy of the resolution thereon of the University Council passed at the meeting held on the 10th February 1934 In regard to the resolution on item 4, of the report it was suggested at the meeting of the Senate held in March 1934 that action might be taken earlier than proposed by the Council

The University is at present paying rates to the Municipality on residential buildings, which amount to Rs 722-11-3 in Mysore and Rs 229-14-0 in Bangalore, i e , altogether Rs 952-9-3 Since the Principals of colleges and Professors for whom the residential quarters were constructed are required, so far as the University can provide accommodation, to live in the premises, it appears that under note 1 to rule 28 of the Municipal Manual Part II - Accounts(Third Edition), such residential quarters are not liable to taxation I am therefore to request that the question of exemption from payment of rate proposed by the Committee may be considered favourably by Government and the University residential quarters exempted from taxation

I am to add that the amount involved on this account is less than Rs 1,000, per annum, which it is believed may not appreciably affect the municipal finances, whereas the exemption would be greatly appreciated by the University

I have the honour to be,

Sir,

Your most obedient servant,

Registrar

University of Mysore.

RESOLUTION of the University Council passed at the meeting held on the 10th February 1934 on the Report

---

RESOLVED

1 That the Council is not in favour of appointing a publicity board as such

2 That the University Extension work be improved and organised on a broader basis

3 That the suggestion in para 4 of the report be noted for action when conditions are more favourable

---

Copy

Registrar

Report of the Committee ~~for Popularising the University~~

The committee was appointed on the 14th January 1933 in accordance with the following resolution of the University Senate adopted in November 1932 —

That a committee of the Senate be appointed to devise measures for popularising the University and its work in the State

The committee met altogether three times on the 3rd April 28th May and the 18th June 1933 to deliberate matters After prolonged consulations the committee beg to present the following report which is unanimous —

1 (*a*) There is need for a Publicity Board of the University consisting of Senate members or others not directly borne on the University establishment The Publicity Board (for the time being the University Popularization Committee) should act as a happy link between the University and the public

(*b*) The committee should endeavour to clearly explain why certain things are done by the University why certain courses are adopted for teaching and how and in what manner more work can be done to bring the University into closer intimate touch with the life of the citizens of the State They should also convey to the University the trend of public feeling in University matters generally

(*c*) It will be one of the important functions of the committee to increase the resources of the University by enlisting the moral and material support of the public

2 There is necessity for frequent consultations amongst the members of the committe by circulation of papers and by holding meetings as and when necessary

3 In conformity with a settled programme the members of the committee should be empowered to tour the districts and the interior parts of the State whenever it is deemed necessary and beneficial

4 Since the citizens in the respective University headquarters derive indirect benefit the University should be exempted from paying rates to the municipalities

5 (*a*) The District Boards and other local bodies should be induced to avail themselves of the activities of the University such as extension lectures etc

(*b*) The committee suggests that the occasion of University Extension Lectures should be utilised for popularising the work of the University and the cultural advance it stands for

6 The committee further suggests that the staff of the University should be encouraged during holidays and vacations to come into greater contact han has been hitherto possible with the people of the country with a view to bring the University into more intimate connection with the life and labour of the country

7 The University should ultimately be made a regional one to serve the special needs of the life and work of the citizens of the State
